

What's new with iRiS

Intelligent Reporting by iSTORM®

We've made some exciting updates to the iRiS portal to give you greater visibility, clearer communication and a smoother testing experience.

Scoping

Dedicated sections for Scoping and Engagement mean key details are clearly documented and accessible throughout the project.

Prerequisites

A new section making it easier to provide important information securely, such as credentials, scope details, or access requirements.

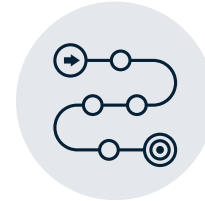

Testing Updates

It's now even easier to stay up-to-date with testing progress with daily updates containing high-level findings.

Reporting & QA

Our reports undergo Quality Assurance, validating findings and ensuring quality reports that can be shared with stakeholders.

Timeline

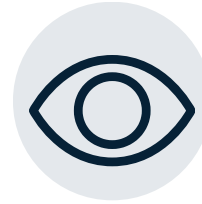

From scoping and prerequisites through to testing, reporting and QA, you can see the progress of your project at a glance.

Same great service. A smarter way to stay informed.

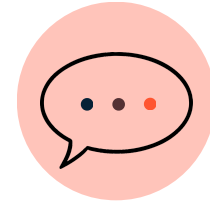

Updates

Key Benefits for you:

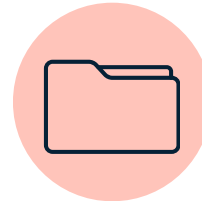

Greater Visibility

Keep up-to-date with the progress of your project, every step of the way.

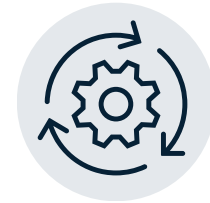

Clearer Communication

Receive clear updates throughout your assessment, with high-level overviews.

One Central Location

Access key project information and requirements in one place

Smoother Process

Clearer, smoother, more transparent and easier to manage processes.
